

# park & ride

**Melbourne's newest purpose-built Park & Ride facility opened in January, 2003, offering Victoria's highest frequency bus service.**

The opening of National Bus Company's Doncaster Park & Ride near the corner of Doncaster Road and the Eastern Freeway (opposite High Street) has resulted in:

dramatically reduced travel times to the city for Eastern Suburbs residents using the facility; hassle-free travel to the central business district; less congestion on the Eastern Freeway; higher service frequency; and environmental and traffic-management benefits for inner-city municipalities.

There is space for 400 cars at a time and there is also a 'Kiss & Ride' area or drop-off point for people to catch frequent buses to the City.

A bus leaves the Park & Ride for the City approximately every 5 minutes during the morning peak period with a corresponding frequency passing through the Park & Ride during the afternoon/evening peak period, making it Victoria's most frequent bus service. A 15 minute off-peak and 30 minute night service also operates from the Park & Ride.

National Bus routes that operate through the Park & Ride are:

**(Routes that operate via Doncaster Road)**

- 207 - CITY-Lonsdale St to DONVALE via Kew Junction
- 284 - Box Hill to Doncaster SHOPPINGTOWN via Union & Greythorn Rds
- 307 - CITY-Queen St to MITCHAM Station via Eastern Freeway
- 316 - CITY-Russell St to DEEP CREEK via Eastern Freeway

**(Routes that operate via High Street)**

- 285 - Camberwell to Doncaster SHOPPINGTOWN via Canterbury & North Balwyn
- 309 - CITY-Queen St to THE PINES or DONVALE via Eastern Freeway
- 313 - CITY-Russell St to TEMPLESTOWE via Eastern Freeway
- 319 - CITY-Queen St to THE PINES via Eastern Freeway
